Thank you for your interest in the West Virginia Rural Rehabilitation Loan Fund (WVRRLF). This is a low-interest loan program designed to assist emerging agribusinesses, and to help existing agribusinesses, farm operations, livestock operations, or any other ag-related endeavors approved by the Commissioner with expansion plans. We have enclosed a loan application as you requested and are providing additional information that may be helpful to you in completing this process.

Your first step is to complete the loan application. You will also need to provide us with the following:

1. A cover letter detailing your request and proposed use of the loan proceeds. Please note that loan proceeds may not be used to pay off existing debts, or for residential purposes.
2. In the cover letter, please describe the collateral you wish to use as security for the loan and its estimated value.
3. Please give the name, address, and social security number of anyone who will be listed as a co-applicant on the loan with you.
4. Include a Business Plan/Operating Plan for your proposed business or business expansion. Depending on the type of business, a marketing plan may also be requested.
5. If loan proceeds are being used to purchase equipment, please provide a list of the equipment to be purchased, along with estimated values of each. Serial numbers and descriptions of the equipment will need to be submitted to the West Virginia Department of Agriculture after the equipment is purchased for filing of UCC's if this will be part of the collateral.
6. If this is for a business expansion, please provide complete financial statements including a cash flow report for the previous year of operation, and fully detail your expansion plans.

If the loan is being used to purchase real estate, the loan will be secured by a first Deed of Trust on the property by the WVRRLF. An appraisal by a certified appraiser will be required, as well as a survey and title search of the deed. Please note that depending on the amount of the loan, real estate may be required as collateral even if real estate is not being purchased with loan funds.

Once this information is received in my office, the WVRRLF committee will review the material and make a recommendation to the Commissioner (Trustee). Once we receive the Commissioner's (Trustee) decision, you will be notified. If the loan request is approved, you will be advised of any additional documentation that may be needed, and you will be given the terms for the loan. You will also be notified if the loan request is denied and be given the reason for this decision. The processing time for loans varies and can take several months, depending on the attorney's work schedule and how accurate the information received is.

If you have further questions regarding the program, please contact my office at (304) 558-2221. We look forward to assisting with your business plans.

Sincerely,

[Signature]

The Federal Equal Credit Opportunity Act prohibits creditors from discriminating against credit applicants on the basis of race, color, religion, national origin, sex, marital status, handicap or age (provided the applicant has the capacity to enter into a binding contract), because all or part of the applicant’s income derives from any public assistance program or because the applicant has in good faith exercised any right under the Consumer Credit Protection Act. The Federal Agency that administers compliance with this law concerning this creditor is the Federal Trade Commission, Equal Credit Opportunity, Washington, D.C. 20580.
West Virginia Department of Agriculture
West Virginia Rural Rehabilitation Loan Fund

POLICY STATEMENT

It is the purpose of the West Virginia Rural Rehabilitation Loan Fund (WVRRLF) to consider applications for loans for agricultural or related purposes. "Agricultural or related purposes" means to use for starting, purchasing, or expanding a farm operation; to assist farmers who have suffered financial setbacks from natural disasters, or who need additional resources with which to redirect or maintain profitable farming operations; or for any other agricultural purpose determined important by the Commissioner.

Loans may be considered for individuals, partnerships or corporations. All loans shall be secured by sufficient collateral. Loans to individuals may be secured by collateral as approved by WVRRLF Committee and/or personal guarantees. Loans to partnerships must be personally guaranteed by each partner. Should one partner become unable to meet his/her obligations, the remaining partner(s) shall become wholly responsible for full payment of the loan. Loans to corporations shall be secured by the personal guarantee of each member of the Board of Directors making each fully responsible for the loan. Additionally, loans may require letters of credit, credit insurance, or other collateral as approved by WVRRLF Committee.

Loan applicants will be responsible for paying any fees associated with processing the loan, such as, but not limited to, recording fees, title reports, surveys, appraisals and credit checks.

Loans may be made for real estate, livestock, machinery, equipment, supplies or materials necessary for the business, and special purpose structures required for the production or processing of agricultural commodities and products, or for the development of cottage industries.

The maximum amount which can be loaned to any one borrower (individual/corporation/partnership) is $250,000, except in extraordinary agricultural development opportunities. The Commissioner must rule on the merits of such requests. Interest rates are set using the Wall Street Journal prime rate as a guide. Interest rates shall be fixed for the term of the loan. Loans should be of no more than 20 years in duration.

Those interested in participating in the WVRRLF will make application on the prescribed form stating the amount of the loan requested, its purpose, desired term of the loan and desired repayment schedule (i.e. monthly, quarterly, etc.). A letter of application explaining the project in detail must be accompanied by the prospective borrower’s current financial statement, business plan, and marketing plan if applicable. The financial statement may be submitted on forms provided by the joint lending agency or borrower’s principal bank. At least one banking reference must be included. The applicant gives authorization to the WVRRLF to review credit history and access information contained in the application by signing the application.

Applications will be reviewed by the WVRRLF Committee. Committee members are appointed by the Commissioner of Agriculture and shall have no direct interest, nor shall any member of their immediate family have any direct interest, in the proposed enterprise. The Committee shall forward the Commissioner applications it recommends for approval.

This policy is effective from the date signed by the West Virginia Commissioner of Agriculture and will remain in effect until further notice.

POLICY STATEMENT

It is the purpose of the West Virginia Rural Rehabilitation Loan Fund (WVRRLF) to consider applications for loans for agricultural or related purposes. "Agricultural or related purposes" means to use for starting, purchasing, or expanding a farm operation; to assist farmers who have suffered financial setbacks from natural disasters, or who need additional resources with which to redirect or maintain profitable farming operations; or for any other agricultural purpose determined important by the Commissioner.

Loans may be considered for individuals, partnerships or corporations. All loans shall be secured by sufficient collateral. Loans to individuals may be secured by collateral as approved by WVRRLF Committee and/or personal guarantees. Loans to partnerships must be personally guaranteed by each partner. Should one partner become unable to meet his/her obligations, the remaining partner(s) shall become wholly responsible for full payment of the loan. Loans to corporations shall be secured by the personal guarantee of each member of the Board of Directors making each fully responsible for the loan. Additionally, loans may require letters of credit, credit insurance, or other collateral as approved by WVRRLF Committee.

Loan applicants will be responsible for paying any fees associated with processing the loan, such as, but not limited to, recording fees, title reports, surveys, appraisals and credit checks.

Loans may be made for real estate, livestock, machinery, equipment, supplies or materials necessary for the business, and special purpose structures required for the production or processing of agricultural commodities and products, or for the development of cottage industries.

The maximum amount which can be loaned to any one borrower (individual/corporation/partnership) is $250,000, except in extraordinary agricultural development opportunities. The Commissioner must rule on the merits of such requests. Interest rates are set using the Wall Street Journal prime rate as a guide. Interest rates shall be fixed for the term of the loan. Loans should be of no more than 20 years in duration.

Those interested in participating in the WVRRLF will make application on the prescribed form stating the amount of the loan requested, its purpose, desired term of the loan and desired repayment schedule (i.e. monthly, quarterly, etc.). A letter of application explaining the project in detail must be accompanied by the prospective borrower's current financial statement, business plan, and marketing plan if applicable. The financial statement may be submitted on forms provided by the joint lending agency or borrower's principal bank. At least one banking reference must be included. The applicant gives authorization to the WVRRLF to review credit history and access information contained in the application by signing the application.

Applications will be reviewed by the WVRRLF Committee. Committee members are appointed by the Commissioner of Agriculture and shall have no direct interest, nor shall any member of their immediate family have any direct interest, in the proposed enterprise. The Committee shall forward to the Commissioner applications it recommends for approval.

This policy is effective from the date signed by the West Virginia Commissioner of Agriculture and will remain in effect until further notice.

Kent A. Leonhardt, Agriculture Commissioner

Trustee of the West Virginia Rural Rehabilitation Loan Fund
