Quentin "Butch" Sayers
Assistant Director

West Virginia Department of Agriculture (WVDA)
GYPSY MOTH COOPERATIVE SUPPRESSION PROGRAM
Egg Mass Survey Request Application _____ COUNTY

Instructions: Proposed spray blocks must be a minimum of **50 contiguous acres**. Attach a copy of a 7.5- minute topographic map with the **property boundary clearly marked** on it. A plat map should be provided to verify boundaries. A Farm Service Agency aerial photo can be used to mark fields that need omitted. An ESRI shape file, projected in UTM Zone 17, NAD 83 Datum, can be provided by the forest industry.

A **non-refundable survey deposit of a \$1.00 per acre is required to participate (\$500 maximum)**. Use one application for each separate block of 50 acres or more.

Fill out the information below and on reverse and return, along with your property boundary map and your \$1.00 per acre deposit to: **West Virginia Department of Agriculture, Plant Industries Division, 1900 Kanawha Blvd., East, Charleston, WV 25305**
