I. WHAT IS THE WEST VIRGINIA FARMERS MARKET NUTRITION PROGRAM?

The West Virginia Women, Infants and Children Farmers Market Nutrition Program (WIC FMNP) and the West Virginia Senior Farmers Market Nutrition Program (SFMNP) provide fresh, unprocessed fruits, vegetables, and herbs to eligible participants. Together, the WIC FMNP and the SFMNP are referred to as the West Virginia Farmers Market Nutrition Program (WVFMNP). The West Virginia Department of Agriculture (WVDA) and/or the Department of Health, Office of Nutrition Services (WVDOH ONS) authorizes farmers, farmers markets, farm stands, to accept WVFMNP benefits (WIC & SFMNP) in exchange for locally grown unprocessed fresh fruits and vegetables in counties where the WVFMNP is operating. Eligible participants take their benefits to authorized farmers, farmers markets, farm stands, or local farmer cooperatives and redeem them for produce.

WVFMNP has transitioned to a Bank Free, Internet Based Solution/ Electronic Redemption Model to redeem WIC & SFMNP benefits. Please note that **you must have internet connectivity at the location you accept the WIC FMNP benefits** as the benefits will be assigned to the participant via a WIC EBT card and redeemed by the farmer via Electronic Benefit Transfer (EBT). You are **NOT** required to have internet connectivity at the location you accept benefits for the SFMNP as participants will have a tear off coupon with a Unique Voucher Serial Number that you may retain. If you have a smart device and internet connectivity you can input the Serial Number at the time the benefit is utilized, however for WV SFMNP it is not mandatory. If you do not have a smart device, you will manually type in the unique voucher serial number into the portal for redemption from another device such as a home computer. Has this been updated with QR language? Or is there still a serial number on the benefit?

LAST DAY FOR VENDORS TO REDEEM SFMNP BENEFITS IS NOVEMBER 17, 2025.

For 2025, benefits may be accepted beginning on June 1, 2025, and ending on October 31, 2025. **ALL APPLICATIONS FOR THE 2025 SEASON MUST BE COMPLETE AND SUBMITTED BY NO LATER THAN APRIL 15, 2025. Late applications will not be accepted. ALL TRAINING MUST BE COMPLETED BY MAY 26, 2025.** WVFMNP is funded through the United States Department of Agriculture, Food & Nutrition Service and the State of West Virginia. The West Virginia Department of Health, Office of Nutrition Services (DOH ONS) administers the WIC FMNP, while WVDA administers the SFMNP. Questions regarding the WIC FMNP should be directed to DOH's WIC FMNP Coordinator at 304-558-1115, or dhhrwicvu@wv.gov, and questions regarding the SFMNP should be directed to WVDA SeniorFarmersMarket@wvda.us, or to the attention of Business Development, at 304-558-2210.

II. VENDOR AUTHORIZATION GUIDANCE

To participate in the 2025 WVFMNP, farmers, farmers markets, farm stands, and local farmer cooperatives (collectively, “vendors”) must be authorized by WVDA. This guide governs authorization and responsibilities of vendors.

1. DEFINITIONS

- a) **ACH Payments** stands for Automated Clearing House, a U.S. financial network used for electronic payments and money transfers. Also known as “direct payments,” ACH payments are a way to transfer money from one bank account to another without using paper checks, credit card networks, wire transfers, or cash.
- b) **Bank Free, Internet Based Solution/Electronic Redemption Model** is an entity, separate from the WVDA and DHHR ONS, that is internet based, capable of clearing benefit transactions and making weekly payments via wire transfer or ACH payment. **WVFMNP vendors who accept WIC will utilize the CDP, Inc.’s Farm Market Direct solution as their Electronic Redemption Model for 2025. WVFMNP vendors who accept SFMNP benefits will utilize CDP, Inc. as their Electronic Redemption Model for 2025.**
- c) **Benefits** is a payment provided to a participant via a coupon or card with a QR code for SFMNP or WIC to redeem for fresh fruits and vegetables.
- d) **Community Supported Agriculture (CSA)** is a program under which a farmer or group of farmers grows food for a group of shareholders (or subscribers) who pledge to buy a portion of the farmer's crop(s) for that season. State agencies may purchase shares or subscribe to a community supported agriculture program on behalf of individual SFMNP participants.
- e) **Constituent farmer** is a farmer who accepts WVFMNP benefits under a farmers market authorized by WVFMNP. A farmer who is independently authorized by WVFMNP is not a constituent farmer.
- f) **Farmer** is an individual authorized to sell eligible foods at participating farmers' markets and/or roadside stands, and through CSAs. Individuals who exclusively sell produce grown by someone else, such as wholesale distributors, cannot be authorized to participate in the SFMNP. A participating State agency has the option to authorize individual farmers or farmers' markets, roadside stands, and/or CSA programs.
- g) **Farmers Market** is an association of local farmers who assemble at a defined location for the purpose of selling their produce directly to consumers. **PLEASE NOTE THIS REQUIRES A SEPARATE APPLICATION**
- h) **Internet Connectivity** refers to the way people are hooked up to the Internet, and may include dial-up telephone lines, always-on broadband connections, and wireless devices.
- i) **Local Farmer Cooperative** is a person acting as an agent for the farmer, taking his produce on consignment and selling his local produce. A farmer placing his produce on consignment must be paid the full value of the produce sold. Any fees must be paid over and above this amount.

- j) **Locally grown produce** means produce grown either in the state of West Virginia or within 50 miles of the West Virginia border.
- k) **Market-farmer agreement** is an agreement between a farmers market and a constituent farmer permitting the constituent farmer to accept benefits under the farmers market's WVFMNP authorization.
- l) **Participant** is a person who meets the eligibility requirements of the SFMNP or WIC FMNP and to whom benefits have been issued.
- m) **QR Code** is a machine-readable code consisting of an array of black and white squares, typically used for storing URLs or other information for reading by the camera on a smartphone.
- n) **Roadside Stand or Farm Stand** is a location at which an individual farmer sells his/her produce directly to consumers. This is in contrast to a group or association of farmers selling their produce at a farmers' market or through a CSA program. The term roadside stand may be used interchangeably with the term farmstand as defined in § 248.2 of this chapter.
- o) **Smart Device** is an electronic device, generally connected to other devices or networks via different wireless protocols (such as Bluetooth, Zigbee, near-field communication, Wi-Fi, LiFi, or 5G) that can operate to some extent interactively and autonomously.
- p) **Smart Phone** is a mobile phone that performs many of the functions of a computer, typically having a touchscreen interface, internet access, and an operating system capable of running downloaded applications.
- q) **Unique Voucher Serial Number** is the serial number printed only on the SFMNP coupon that may be utilized for the clearing of SFMNP benefits by the farmer if the QR Code is not utilized for benefit redemption.
- r) **Vendor** is a farmer, farmers market, roadside stand, CSA, or local farmer cooperative. Each of these terms are defined separately under Definitions.
- s) **WIC EBT** is an electronic system that replaces paper vouchers with a card for food benefit issuance and redemption at authorized WIC grocery stores.
- t) **WIC EBT Card** is the card that all WIC benefits, including WIC FMNP, are issued on.
- u) **Wire Transfer** which are also known as wire payments, allow money to be moved quickly and securely without the need to exchange cash. They allow two parties to transfer funds even if they're in different (geographic) locations safely. A transfer is usually initiated from one bank or financial institution to another.

All benefits are redeemed through an on-line portal that will require a separate application and you will have to provide potentially Personally Identifiable Information (PPI).
